APOLOGIA'S MISSION

Our mission is to help homeschooling families learn, live, and defend the Christian faith.

DESIGNED WITH PURPOSE

Apologia curriculum is designed to support homeschool families in making a different choice for their children's education. We help your family focus on academic success through an understanding and love of God as our Creator.

Our world is filled with the beauty of God's creation, and discovering the wonder and awe of all created things is a lifelong pursuit. Apologia's curriculum is designed as stepping-stones on a learning journey to discover the wonders of God.

our prayer is that each Apologia course will ignite a spark of curiosity and develop into a lifelong love of learning that will last long after the book is closed.

Gratefully,
The Apologia Family

LET'S TALK HOMESCHOOL

DAVIS & RACHAEL CARMAN

Join Davis and Rachael Carman as they talk all about the homeschool journey — the highs, the lows, the challenges, the victories, and everything in between.

By God's grace, this adventure of a lifetime—called homeschool—has been very good for their family. They believe if there was ever a time to homeschool, it is now!

Hear What Parents Have to Say

"We LOVE Apologia. They are wonderfully written, and their notebooking journals provide a creative and engaging way for my son to learn. We will be using Apologia for our entire homeschool journey without any doubt!"

"The beautiful illustrations and wide range of topics are perfect, and as always, Apologia does a great job of pointing our kids to Christ, the Creator of all things."

"With Apologia, I find myself excited to teach the lesson and answer questions. In some ways, I'm learning right alongside my kids, and we're all loving it. Thank you, Apologia!"

"I have never seen my 9-year-old more excited about science! Thank you for helping us teach our children how to love learning!"

"We love that the Young Explorer science series is written in a narrative that we read aloud together for multi-age family learning!"

Hear What Parents Have to Say

"This math has been a game-changer in our house! Thank you for releasing a product that has given me confidence we can continue homeschooling."

"We have really enjoyed this curriculum! Easy to use and prep for! Such a natural approach to math! I have tried so many math curriculums. This one is my favorite!"

"Exploring Creation with Mathematics is the perfect balance of practice problems and hands-on activities. My daughter has loved all the games. I highly recommend it!"

"I think I finally found it! I've been searching for YEARS for the perfect math curriculum. Something hands-on, that has short lessons and has everything laid out in an easy-to-use parent manual for me. Apologia knocked it out of the park with this one!"

"I have been recommending your math books to all the homeschool moms. Thank you for everything you contribute to the homeschooling world. We are grateful!"

"Thank you so much for writing this math curriculum. My son absolutely LOVES it, and we are having so much fun together. Math is now his favorite subject, and he looks forward to it every day."

A young child with brown hair, wearing a blue t-shirt, is seen from behind, pointing their right index finger upwards towards a large dinosaur skeleton in a museum. The skeleton is made of yellowish-brown bones and is partially obscured by a blue hexagonal grid overlay. The background is a bright, hazy blue, suggesting a large indoor space with high ceilings and other exhibits. The overall tone is educational and exciting.
