## Build Confidence and Mastery in Math

Exploring Creation with Mathematics for elementary students uses a hands-on, interactive approach to help young learners build a strong math foundation. Like Apologia's science series, this math curriculum is written from a Biblical worldview and focuses on real-life applications of math concepts, intending to cultivate both practical skills and an appreciation for the order in God's creation.

- Mastery-Based with Spiral Review
- Full of Games, Hands-on Activities, and Fun Projects
- Easy, Open-and-Go Format

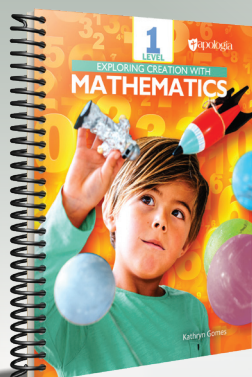

“I’ve been searching for YEARS for the perfect math curriculum. Something hands-on that has short lessons and has everything laid out in an easy-to-use teaching guide for me. Apologia knocked it out of the park with this one!” - Christine

## Dive Deep into God's Word

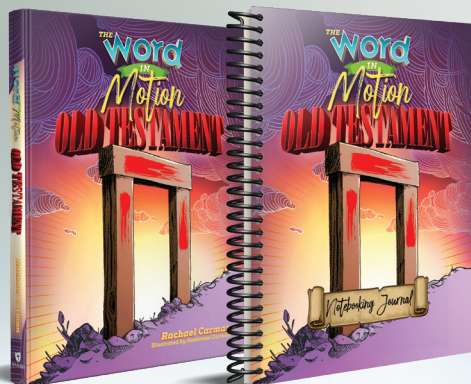

### ***The Word in Motion***

The Word in Motion is an exciting, masterfully illustrated journey through the Bible that equips families to see how the books of the Bible fit together in God's sovereign plan. Designed for grades K–8, the entire family can learn God's Word together.

***“The Word in Motion is the most incredible Bible curriculum! If you desire for God's Word to be a foundational part of your family and children's lives in a way that sticks with them and keeps them coming back for more, then The Word in Motion is for you! God's Word is full of adventure, life, and discovery, and that is the heart behind this amazing curriculum! I highly recommend it to any family.” -Aby Rinella***

## **What We Believe Series**

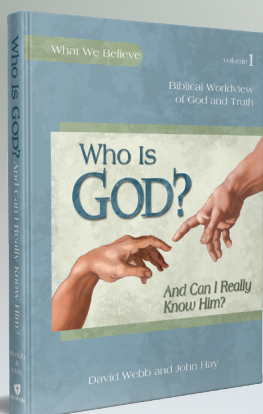

The award-winning What We Believe Series teaches students how to live the teachings of the Bible and confidently walk in their faith. With rich Scripture throughout, your children will experience the truth and light of God's purpose for their lives.

*“Apologia has done a wonderful job taking something that can be difficult to teach well—Biblical worldview—and made it super easy with their What We Believe books. I can’t even describe how much I love sitting down with my kids and reading through this material together. This book is truly a blessing and is my absolute favorite part of what we are doing right now in our homeschool journey.” -Pam*
